

## Ohio Revised Code

### Section 3319.232 License for teaching students with visual disabilities.

Effective: October 29, 1996

Legislation: Senate Bill 230 - 121st General Assembly

---

The state board of education shall adopt standards for attaining a license for teaching students with visual disabilities that require the licensee to demonstrate competency in reading and writing braille.

The standards for demonstrating competency shall be consistent with those adopted for teachers by the national library service for the blind and physically handicapped of the library of congress.
