

Ohio Revised Code Section 3326.15 High school credit.

Effective: June 30, 2007

Legislation: House Bill 119 - 127th General Assembly

Each science, technology, engineering, and mathematics school and its governing body shall comply with section 3313.603 of the Revised Code as if it were a school district. However, a STEM school may permit a student to earn units of high school credit based on a demonstration of subject area competency instead of or in combination with completing hours of classroom instruction prior to the adoption by the state board of education of the plan for granting high school credit based on competency, as required by division (J) of that section. Upon adoption of the plan, each STEM school shall comply with that plan and award units of high school credit in accordance with the plan.
