

Ohio Revised Code

Section 3503.19 Methods of registration or change of registration.

Effective: June 21, 2013

Legislation: Senate Bill 47 - 130th General Assembly

(A) Persons qualified to register or to change their registration because of a change of address or change of name may register or change their registration in person at any state or local office of a designated agency, at the office of the registrar or any deputy registrar of motor vehicles, at a public high school or vocational school, at a public library, at the office of a county treasurer, or at a branch office established by the board of elections, or in person, through another person, or by mail at the office of the secretary of state or at the office of a board of elections. A registered elector may also change the elector's registration on election day at any polling place where the elector is eligible to vote, in the manner provided under section 3503.16 of the Revised Code.

Any state or local office of a designated agency, the office of the registrar or any deputy registrar of motor vehicles, a public high school or vocational school, a public library, or the office of a county treasurer shall transmit any voter registration application or change of registration form that it receives to the board of elections of the county in which the state or local office is located, within five days after receiving the voter registration application or change of registration form.

An otherwise valid voter registration application that is returned to the appropriate office other than by mail must be received by a state or local office of a designated agency, the office of the registrar or any deputy registrar of motor vehicles, a public high school or vocational school, a public library, the office of a county treasurer, the office of the secretary of state, or the office of a board of elections no later than the thirtieth day preceding a primary, special, or general election for the person to qualify as an elector eligible to vote at that election. An otherwise valid registration application received after that day entitles the elector to vote at all subsequent elections.

Any state or local office of a designated agency, the office of the registrar or any deputy registrar of motor vehicles, a public high school or vocational school, a public library, or the office of a county treasurer shall date stamp a registration application or change of name or change of address form it receives using a date stamp that does not disclose the identity of the state or local office that receives the registration.

Voter registration applications, if otherwise valid, that are returned by mail to the office of the secretary of state or to the office of a board of elections must be postmarked no later than the thirtieth day preceding a primary, special, or general election in order for the person to qualify as an elector eligible to vote at that election. If an otherwise valid voter registration application that is returned by mail does not bear a postmark or a legible postmark, the registration shall be valid for that election if received by the office of the secretary of state or the office of a board of elections no later than twenty-five days preceding any special, primary, or general election.

(B)(1) Any person may apply in person, by telephone, by mail, or through another person for voter registration forms to the office of the secretary of state or the office of a board of elections. An individual who is eligible to vote as a uniformed services voter or an overseas voter in accordance with 42 U.S.C. 1973ff-6 also may apply for voter registration forms by electronic means to the office of the secretary of state or to the board of elections of the county in which the person's voting residence is located pursuant to section 3503.191 of the Revised Code.

(2)(a) An applicant may return the applicant's completed registration form in person or by mail to any state or local office of a designated agency, to a public high school or vocational school, to a public library, to the office of a county treasurer, to the office of the secretary of state, or to the office of a board of elections. An applicant who is eligible to vote as a uniformed services voter or an overseas voter in accordance with 42 U.S.C. 1973ff-6 also may return the applicant's completed voter registration form electronically to the office of the secretary of state or to the board of elections of the county in which the person's voting residence is located pursuant to section 3503.191 of the Revised Code.

(b) Subject to division (B)(2)(c) of this section, an applicant may return the applicant's completed registration form through another person to any board of elections or the office of the secretary of state.

(c) A person who receives compensation for registering a voter shall return any registration form entrusted to that person by an applicant to any board of elections or to the office of the secretary of state.

(d) If a board of elections or the office of the secretary of state receives a registration form under division (B)(2)(b) or (c) of this section before the thirtieth day before an election, the board or the office of the secretary of state, as applicable, shall forward the registration to the board of elections of the county in which the applicant is seeking to register to vote within ten days after receiving the application. If a board of elections or the office of the secretary of state receives a registration form under division (B)(2)(b) or (c) of this section on or after the thirtieth day before an election, the board or the office of the secretary of state, as applicable, shall forward the registration to the board of elections of the county in which the applicant is seeking to register to vote within thirty days after that election.

(C)(1) A board of elections that receives a voter registration application and is satisfied as to the truth of the statements made in the registration form shall register the applicant not later than twenty business days after receiving the application, unless that application is received during the thirty days immediately preceding the day of an election. The board shall promptly notify the applicant in writing of each of the following:

- (a) The applicant's registration;
- (b) The precinct in which the applicant is to vote;
- (c) In bold type as follows:

"Voters must bring identification to the polls in order to verify identity. Identification may include a current and valid photo identification, a military identification, or a copy of a current utility bill, bank statement, government check, paycheck, or other government document, other than this notification, that shows the voter's name and current address. Voters who do not provide one of these documents will still be able to vote by casting a provisional ballot. Voters who do not have any of the above forms of identification, including a social security number, will still be able to vote by signing an affirmation swearing to the voter's identity under penalty of election falsification and by casting a provisional ballot."

The notification shall be by nonforwardable mail. If the mail is returned to the board, it shall investigate and cause the notification to be delivered to the correct address.

(2) If, after investigating as required under division (C)(1) of this section, the board is unable to verify the voter's correct address, it shall cause the voter's name in the official registration list and in the poll list or signature pollbook to be marked to indicate that the voter's notification was returned to the board.

At the first election at which a voter whose name has been so marked appears to vote, the voter shall be required to provide identification to the election officials and to vote by provisional ballot under section 3505.181 of the Revised Code. If the provisional ballot is counted pursuant to division (B)(3) of section 3505.183 of the Revised Code, the board shall correct that voter's registration, if needed, and shall remove the indication that the voter's notification was returned from that voter's name on the official registration list and on the poll list or signature pollbook. If the provisional ballot is not counted pursuant to division (B)(4)(a)(i), (v), or (vi) of section 3505.183 of the Revised Code, the voter's registration shall be canceled. The board shall notify the voter by United States mail of the cancellation.

(3) If a notice of the disposition of an otherwise valid registration application is sent by nonforwardable mail and is returned undelivered, the person shall be registered as provided in division (C)(2) of this section and sent a confirmation notice by forwardable mail. If the person fails to respond to the confirmation notice, update the person's registration, or vote by provisional ballot as provided in division (C)(2) of this section in any election during the period of two federal elections subsequent to the mailing of the confirmation notice, the person's registration shall be canceled.
