

Ohio Revised Code

Section 3701.024 County's share for program for medically handicapped children.

Effective: September 29, 2013

Legislation: House Bill 59 - 130th General Assembly

(A)(1) Under a procedure established in rules adopted under section 3701.021 of the Revised Code, the department of health shall determine the amount each county shall provide annually for the program for medically handicapped children, based on a proportion of the county's total general property tax duplicate, not to exceed one-tenth of a mill, and charge the county for any part of expenses incurred under the program for treatment services on behalf of medically handicapped children having legal settlement in the county that is not paid from federal funds or through the medicaid program. The department shall not charge the county for expenses exceeding the difference between the amount determined under division (A)(1) of this section and any amounts retained under divisions (A)(2) and (3) of this section.

All amounts collected by the department under division (A)(1) of this section shall be deposited into the state treasury to the credit of the medically handicapped children-county assessment fund, which is hereby created. The fund shall be used by the department to comply with sections 3701.021 to 3701.028 of the Revised Code.

(2) The department, in accordance with rules adopted under section 3701.021 of the Revised Code, may allow each county to retain up to ten per cent of the amount determined under division (A)(1) of this section to provide funds to city or general health districts of the county with which the districts shall provide service coordination, public health nursing, or transportation services for medically handicapped children.

(3) In addition to any amount retained under division (A)(2) of this section, the department, in accordance with rules adopted under section 3701.021 of the Revised Code, may allow counties that it determines have significant numbers of potentially eligible medically handicapped children to retain an amount equal to the difference between:

(a) Twenty-five per cent of the amount determined under division (A)(1) of this section;

(b) Any amount retained under division (A)(2) of this section.

Counties shall use amounts retained under division (A)(3) of this section to provide funds to city or general health districts of the county with which the districts shall conduct outreach activities to increase participation in the program for medically handicapped children.

(4) Prior to any increase in the millage charged to a county, the director of health shall hold a public hearing on the proposed increase and shall give notice of the hearing to each board of county commissioners that would be affected by the increase at least thirty days prior to the date set for the hearing. Any county commissioner may appear and give testimony at the hearing. Any increase in the millage any county is required to provide for the program for medically handicapped children shall be determined, and notice of the amount of the increase shall be provided to each affected board of county commissioners, no later than the first day of June of the fiscal year next preceding the fiscal year in which the increase will take effect.

(B) Each board of county commissioners shall establish a medically handicapped children's fund and shall appropriate thereto an amount, determined in accordance with division (A)(1) of this section, for the county's share in providing medical, surgical, and other aid to medically handicapped children residing in such county and for the purposes specified in divisions (A)(2) and (3) of this section. Each county shall use money retained under divisions (A)(2) and (3) of this section only for the purposes specified in those divisions.
