

Ohio Revised Code

Section 3701.25 [Repealed effective 10/17/2019 by H.B. 166, 133rd General Assembly] Reporting of occupational diseases.

Effective: February 12, 2004

Legislation: House Bill 6 - 125th General Assembly

(A) Every physician attending on or called in to visit a patient whom the physician believes to be suffering from poisoning from lead, cadmium, phosphorus, arsenic, brass, wood alcohol, mercury, or their compounds, or from compressed air illness and such other occupational diseases and ailments as the department of health shall require to be reported, shall within forty-eight hours from the time of first attending such patient send to the director of health a report stating:

(1) Name, address, and occupation of patient;

(2) Name, address, and business of employer;

(3) Nature of disease;

(4) Such other information as may be reasonably required by the department.

(B) No person shall fail to comply with the reporting requirements established under division (A) of this section.

(C) The reports required by this section shall be made on, or in conformity with, the standard schedule blanks provided for in section 3701.26 of the Revised Code. The mailing of the report, within the time required, in a stamped envelope addressed to the office of the director, shall be in compliance with this section.

(D) Such reports shall not be evidence of the facts therein stated in any action arising out of the disease therein reported.

(E) Information reported under this section that is protected health information pursuant to section 3701.17 of the Revised Code shall be released only in accordance with that section. Information that
