

Ohio Revised Code

Section 3702.3010 Maximum distance of local hospital from ambulatory surgical facility.

Effective: September 29, 2015

Legislation: House Bill 64

A local hospital shall not be further than thirty miles from an ambulatory surgical facility:

(A) With which the local hospital has a written transfer agreement under section 3702.303 of the Revised Code; or

(B) Whose consulting physicians under a variance granted under section 3702.304 of the Revised Code have admitting privileges at the local hospital.
