

Ohio Revised Code

Section 3770.06 State lottery gross revenue fund - state lottery fund - lottery profits education fund - deferred prizes trust fund - audit program.

Effective: September 30, 2021

Legislation: House Bill 110

(A) There is hereby created the state lottery gross revenue fund, which shall be in the custody of the treasurer of state but shall not be part of the state treasury. All gross revenues received from sales of lottery tickets, fines, fees, and related proceeds in connection with the statewide lottery and all gross proceeds from statewide joint lottery games shall be deposited into the fund. The treasurer of state shall invest any portion of the fund not needed for immediate use in the same manner as, and subject to all provisions of law with respect to the investment of, state funds. The treasurer of state shall disburse money from the fund on order of the director of the state lottery commission or the director's designee.

Except for gross proceeds from statewide joint lottery games, all revenues of the state lottery gross revenue fund that are not paid to holders of winning lottery tickets, that are not required to meet short-term prize liabilities, that are not credited to lottery sales agents in the form of bonuses, commissions, or reimbursements, that are not paid to financial institutions to reimburse those institutions for sales agent nonsufficient funds, and that are collected from sales agents for remittance to insurers under contract to provide sales agent bonding services shall be transferred to the state lottery fund, which is hereby created in the state treasury. In addition, all revenues of the state lottery gross revenue fund that represent the gross proceeds from the statewide joint lottery games and that are not paid to holders of winning lottery tickets, that are not required to meet short-term prize liabilities, that are not credited to lottery sales agents in the form of bonuses, commissions, or reimbursements, and that are not necessary to cover operating expenses associated with those games or to otherwise comply with the agreements signed by the governor that the director enters into under division (J) of section 3770.02 of the Revised Code or the rules the commission adopts under division (B)(5) of section 3770.03 of the Revised Code shall be transferred to the state lottery fund. All investment earnings of the fund shall be credited to the fund. Moneys shall be disbursed from the fund pursuant to vouchers approved by the director. Total disbursements for monetary prize awards to holders of winning lottery tickets in connection with the statewide lottery and purchases of goods and services awarded as prizes to holders of winning lottery tickets shall be of an amount equal to at

least fifty per cent of the total revenue accruing from the sale of lottery tickets.

(B) Pursuant to Section 6 of Article XV, Ohio Constitution, there is hereby established in the state treasury the lottery profits education fund. Whenever, in the judgment of the director of the state lottery commission, the amount to the credit of the state lottery fund that does not represent proceeds from statewide joint lottery games is in excess of that needed to meet the maturing obligations of the commission and as working capital for its further operations, the director of the state lottery commission shall recommend the amount of the excess to be transferred to the lottery profits education fund, and the director of budget and management may transfer the excess to the lottery profits education fund in connection with the statewide lottery. In addition, whenever, in the judgment of the director of the state lottery commission, the amount to the credit of the state lottery fund that represents proceeds from statewide joint lottery games equals the entire net proceeds of those games as described in division (B)(5) of section 3770.03 of the Revised Code and the rules adopted under that division, the director of the state lottery commission shall recommend the amount of the proceeds to be transferred to the lottery profits education fund, and the director of budget and management may transfer those proceeds to the lottery profits education fund. Investment earnings of the lottery profits education fund shall be credited to the fund.

The lottery profits education fund shall be used solely for the support of elementary, secondary, vocational, and special education programs as determined in appropriations made by the general assembly, or as provided in applicable bond proceedings for the payment of debt service on obligations issued to pay costs of capital facilities, including those for a system of common schools throughout the state pursuant to section 2n of Article VIII, Ohio Constitution. When determining the availability of money in the lottery profits education fund, the director of budget and management may consider all balances and estimated revenues of the fund.

(C) There is hereby established in the state treasury the deferred prizes trust fund. With the approval of the director of budget and management, an amount sufficient to fund annuity prizes shall be transferred from the state lottery fund and credited to the trust fund. The treasurer of state shall credit all earnings arising from investments purchased under this division to the trust fund. Within sixty days after the end of each fiscal year, the treasurer of state shall certify to the director of budget and management whether the actuarial amount of the trust fund is sufficient over the fund's life for continued funding of all remaining deferred prize liabilities as of the last day of the fiscal year just

ended. Also, within that sixty days, the director of budget and management shall certify the amount of investment earnings necessary to have been credited to the trust fund during the fiscal year just ending to provide for such continued funding of deferred prizes. Any earnings credited in excess of the latter certified amount shall be transferred to the lottery profits education fund.

To provide all or a part of the amounts necessary to fund deferred prizes awarded by the commission in connection with the statewide lottery, the treasurer of state, in consultation with the commission, may invest moneys contained in the deferred prizes trust fund which represents proceeds from the statewide lottery in obligations of the type permitted for the investment of state funds but whose maturities are thirty years or less. Notwithstanding the requirements of any other section of the Revised Code, to provide all or part of the amounts necessary to fund deferred prizes awarded by the commission in connection with statewide joint lottery games, the treasurer of state, in consultation with the commission, may invest moneys in the trust fund which represent proceeds derived from the statewide joint lottery games in accordance with the rules the commission adopts under division (B)(5) of section 3770.03 of the Revised Code. Investments of the trust fund are not subject to the provisions of division (A)(11) of section 135.143 of the Revised Code limiting to twenty-five per cent the amount of the state's total average portfolio that may be invested in debt interests other than commercial paper and limiting to five per cent the amount that may be invested in debt interests, including commercial paper, of a single issuer.

All purchases made under this division shall be effected on a delivery versus payment method and shall be in the custody of the treasurer of state.

The treasurer of state may retain an investment advisor, if necessary. The commission shall pay any costs incurred by the treasurer of state in retaining an investment advisor.

(D) The auditor of state shall conduct annual audits of all funds and any other audits as the auditor of state or the general assembly considers necessary. The auditor of state may examine all records, files, and other documents of the commission, and records of lottery sales agents that pertain to their activities as agents, for purposes of conducting authorized audits.

(E) The state lottery commission shall establish an internal audit plan before the beginning of each fiscal year, subject to the approval of the office of internal audit in the office of budget and

management. At the end of each fiscal year, the commission shall prepare and submit an annual report to the office of internal audit for the office's review and approval, specifying the internal audit work completed by the end of that fiscal year and reporting on compliance with the annual internal audit plan.

(F) Whenever, in the judgment of the director of budget and management, an amount of net state lottery proceeds is necessary to be applied to the payment of debt service on obligations, all as defined in sections 151.01 and 151.03 of the Revised Code, the director shall transfer that amount directly from the state lottery fund or from the lottery profits education fund to the bond service fund defined in those sections. The provisions of this division are subject to any prior pledges or obligation of those amounts to the payment of bond service charges as defined in division (C) of section 3318.21 of the Revised Code, as referred to in division (B) of this section.
