

Ohio Revised Code

Section 4104.34 Division of industrial compliance powers and duties regarding historical boilers.

Effective: April 12, 2021

Legislation: House Bill 442 - 133rd General Assembly

The division of industrial compliance in the department of commerce shall do all of the following:

(A) Adopt rules concerning all of the following:

(1) Criteria that inspectors of historical boilers shall utilize in determining the safe operation of historical boilers;

(2) Procedures for the inspection of historical boilers;

(3) The standards for riveted or welded repairs or alterations made to historical boilers;

(4) Standards and procedures for conducting hydrostatic tests, and requirements for reporting the results of those tests to the division, as required under division (F) of section 4104.36 of the Revised Code;

(5) Standards for the public display and operation of historical boilers in this state by historical boiler operators who reside outside of this state.

(B) Issue triennial certificates of operation for historical boilers that pass the inspection required under section 4104.36 of the Revised Code;

(C) Conduct hearings in accordance with Chapter 119. of the Revised Code for any person who appeals a decision made by an inspector regarding whether the person should be denied a certificate of operation for the person's historical boiler;

(D) Establish a fee for the inspection of historical boilers conducted pursuant to division (B) of section 4104.36 of the Revised Code in an amount sufficient to reimburse the department of

commerce for the cost of conducting those inspections;

(E) For purposes of section 4104.37 of the Revised Code, determine the smallest size of historical boilers that are subject to sections 4104.32 to 4104.36 of the Revised Code;

(F) For purposes of inspection criteria adopted by the division pursuant to division (A)(1) of this section, establish the criteria based upon the manufacturing standards for safe operation that are established by the various manufacturers of historical boilers;

(G) Appoint safety committees to conduct the hydrostatic tests required under division (F) of section 4104.36 of the Revised Code;

(H) Establish requirements for the minimum amount of liability insurance that an owner of historical boilers shall carry on each historical boiler operated in public that the owner owns, if the division determines that a minimum amount should be established.
