

Ohio Revised Code

Section 4731.25 [Repealed effective 10/3/2023 by H.B. 33, 135th General Assembly] Administrative rules for treatment providers for impaired practitioners.

Effective: February 8, 2018

Legislation: House Bill 145 - 132nd General Assembly

The state medical board, in accordance with Chapter 119. of the Revised Code, shall adopt and may amend and rescind rules establishing standards for approval of physicians and facilities as treatment providers for practitioners suffering or showing evidence of suffering impairment as described in division (B)(5) of section 4730.25, division (B)(26) of section 4731.22, division (A)(18) of section 4759.07, division (B)(6) of section 4760.13, division (A)(18) of section 4761.09, division (B)(6) of section 4762.13, division (B)(6) of section 4774.13, or division (B)(6) of section 4778.14 of the Revised Code. The rules shall include standards for both inpatient and outpatient treatment and for care and monitoring that continues after treatment. The rules shall provide that in order to be approved, a treatment provider must have the capability of making an initial examination to determine what type of treatment an impaired practitioner requires. Subject to the rules, the board shall review and approve treatment providers on a regular basis. The board, at its discretion, may withdraw or deny approval subject to the rules.

An approved impaired practitioner treatment provider shall do all of the following :

- (A) Report to the board the name of any practitioner suffering or showing evidence of suffering impairment who fails to comply within one week with a referral for examination;
- (B) Report to the board the name of any impaired practitioner who fails to enter treatment within forty-eight hours following the provider's determination that the practitioner needs treatment;
- (C) Require every practitioner who enters treatment to agree to a treatment contract establishing the terms of treatment and aftercare, including any required supervision or restrictions of practice during treatment or aftercare;
- (D) Require a practitioner to suspend practice upon entry into any required inpatient treatment;

(E) Report to the board any failure by an impaired practitioner to comply with the terms of the treatment contract during inpatient or outpatient treatment or aftercare;

(F) Report to the board the resumption of practice of any impaired practitioner before the treatment provider has made a clear determination that the practitioner is capable of practicing according to acceptable and prevailing standards of care;

(G) Require a practitioner who resumes practice after completion of treatment to comply with an aftercare contract that meets the requirements of rules adopted by the board for approval of treatment providers;

(H) Report the identity of any practitioner practicing under the terms of an aftercare contract to hospital administrators, medical chiefs of staff, and chairpersons of impaired practitioner committees of all health care institutions at which the practitioner holds clinical privileges or otherwise practices. If the practitioner does not hold clinical privileges at any health care institution, the treatment provider shall report the practitioner's identity to the impaired practitioner committee of the county medical society, osteopathic academy, or podiatric medical association in every county in which the practitioner practices. If there are no impaired practitioner committees in the county, the treatment provider shall report the practitioner's identity to the president or other designated member of the county medical society, osteopathic academy, or podiatric medical association.

(I) Report to the board the identity of any practitioner who suffers a relapse at any time during or following aftercare.

Any individual authorized to practice under this chapter who enters into treatment by an approved treatment provider shall be deemed to have waived any confidentiality requirements that would otherwise prevent the treatment provider from making reports required under this section.

In the absence of fraud or bad faith, no person or organization that conducts an approved impaired practitioner treatment program, no member of such an organization, and no employee, representative, or agent of the treatment provider shall be held liable in damages to any person by reason of actions taken or recommendations made by the treatment provider or its employees,
