

Ohio Revised Code

Section 4758.36 Evaluating applicant's command of English and education or experience as part of review process.

Effective: September 15, 2014

Legislation: House Bill 483 - 130th General Assembly

As part of the review process under division (C) of section 4758.35 of the Revised Code of an application submitted by an applicant who has obtained the applicant's education, experience in chemical dependency counseling, gambling disorder, or alcohol and other drug prevention services, or education and experience outside the United States, the chemical dependency professionals board shall determine whether the applicant's command of the English language and education or experience meet the standards required by this chapter and rules adopted under it.
