

Ohio Revised Code

Section 4766.04 License qualifications for basic life-support, intermediate life-support, or advanced life-support service organization.

Effective: July 1, 2013

Legislation: House Bill 51 - 130th General Assembly

(A) Except as otherwise provided in this chapter, no person shall furnish, operate, conduct, maintain, advertise, engage in, or propose or profess to engage in the business or service in this state of transporting persons who are seriously ill, injured, or otherwise incapacitated or who require the use of a wheelchair or are confined to a wheelchair unless the person is licensed pursuant to this section.

(B) To qualify for a license as a basic life-support, intermediate life-support, advanced life-support, or mobile intensive care unit organization, an emergency medical service organization shall do all of the following:

(1) Apply for a permit for each ambulance and nontransport vehicle owned or leased as provided in section 4766.07 of the Revised Code;

(2) Meet all requirements established in rules adopted by the state board of emergency medical, fire, and transportation services regarding ambulances and nontransport vehicles, including requirements pertaining to equipment, communications systems, staffing, and level of care the particular organization is permitted to render;

(3) Maintain the appropriate type and amount of insurance as specified in section 4766.06 of the Revised Code;

(4) Meet all other requirements established under rules adopted by the board for the particular license.

(C) To qualify for a license to provide ambulette service, a nonemergency medical service organization shall do all of the following:

(1) Apply for a permit for each ambulette owned or leased as provided in section 4766.07 of the Revised Code;

(2) Meet all requirements established in rules adopted by the state board of emergency medical, fire, and transportation services regarding ambulances, including requirements pertaining to equipment, communication systems, staffing, and level of care the organization is permitted to render;

(3) Maintain the appropriate type and amount of insurance as specified in section 4766.06 of the Revised Code;

(4) Meet all other requirements established under rules adopted by the board for the license.

(D) To qualify for a license to provide air medical transportation, an air medical service organization shall do all of the following:

(1) Apply for a permit for each rotorcraft air ambulance and fixed wing air ambulance owned or leased as provided in section 4766.07 of the Revised Code;

(2) Meet all requirements established in rules adopted by the state board of emergency medical, fire, and transportation services regarding rotorcraft air ambulances and fixed wing air ambulances, including requirements pertaining to equipment, communication systems, staffing, and level of care the organization is permitted to render;

(3) Maintain the appropriate type and amount of insurance as specified in section 4766.06 of the Revised Code;

(4) Meet all other requirements established under rules adopted by the board for the license.

(E) An emergency medical service organization that applies for a license as a basic life-support, intermediate life-support, advanced life-support, or mobile intensive care unit organization; a nonemergency medical service organization that applies for a license to provide ambulette service; or an air medical service organization that applies for a license to provide air medical transportation

shall submit a completed application to the board, on a form provided by the board for each particular license, together with the appropriate fees established under section 4766.05 of the Revised Code. The application form shall include all of the following:

- (1) The name and business address of the operator of the organization for which licensure is sought;
- (2) The name under which the applicant will operate the organization;
- (3) A list of the names and addresses of all officers and directors of the organization;
- (4) For emergency medical service organizations and nonemergency medical service organizations, a description of each vehicle to be used, including the make, model, year of manufacture, mileage, vehicle identification number, and the color scheme, insignia, name, monogram, or other distinguishing characteristics to be used to designate the applicant's vehicle;
- (5) For air medical service organizations using fixed wing air ambulances, a description of each aircraft to be used, including the make, model, year of manufacture, and aircraft hours on airframe;
- (6) For air medical service organizations using rotorcraft air ambulances, a description of each aircraft to be used, including the make, model, year of manufacture, aircraft hours on airframe, aircraft identification number, and the color scheme, insignia, name, monogram, or other distinguishing characteristics to be used to designate the applicant's rotorcraft air ambulance;
- (7) The location and description of each place from which the organization will operate;
- (8) A description of the geographic area to be served by the applicant;
- (9) Any other information the board, by rule, determines necessary.

(F) Within sixty days after receiving a completed application for licensure as a basic life-support, intermediate life-support, advanced life-support, or mobile intensive care unit organization; an ambulette service; or an air medical service organization, the board shall approve or deny the application. The board shall deny an application if it determines that the applicant does not meet

the requirements of this chapter or any rules adopted under it. The board shall send notice of the denial of an application by certified mail to the applicant. The applicant may request a hearing within ten days after receipt of the notice. If the board receives a timely request, it shall hold a hearing in accordance with Chapter 119. of the Revised Code.

(G) If an applicant or licensee operates or plans to operate an organization in more than one location under the same or different identities, the applicant or licensee shall apply for and meet all requirements for licensure or renewal of a license, other than payment of a license fee or renewal fee, for operating the organization at each separate location. An applicant or licensee that operates or plans to operate under the same organization identity in separate locations shall pay only a single license fee.

(H) An emergency medical service organization that wishes to provide ambulance services to the public must apply for a separate license under division (C) of this section.

(I) Each license issued under this section and each permit issued under section 4766.07 of the Revised Code expires one year after the date of issuance and may be renewed in accordance with the standard renewal procedures of Chapter 4745. of the Revised Code. An application for renewal shall include the license or permit renewal fee established under section 4766.05 of the Revised Code. An applicant for renewal of a permit also shall submit to the board proof of an annual inspection of the vehicle or aircraft for which permit renewal is sought. The board shall renew a license if the applicant meets the requirements for licensure and shall renew a permit if the applicant and vehicle or aircraft meet the requirements to maintain a permit for that vehicle or aircraft.

(J) Each licensee shall maintain accurate records of all service responses conducted. The records shall be maintained on forms prescribed by the board and shall contain information as specified by rule by the board.
