(e) Uniform information gathering and reporting procedures that are designed to be used in compatible computer systems;

(f) Procedures for establishing statewide nonprofit technical assistance services to coordinate uniform data collection and to publish reports on child care supply, demand, and cost and to provide technical assistance to communities that do not have child care resource and referral service organizations and to existing child care resource and referral service organizations;

(g) Requirements governing contracts entered into under division (C) of this section, which may include limits on the percentage of funds distributed by the department that may be used for the contracts.

(C) Child care resource and referral service organizations receiving funds distributed by the department may enter into contracts with local governmental entities, nonprofit organizations including nonprofit organizations that provide child care, and individuals under which the entities, organizations, or individuals may provide child care resource and referral services in the community with those funds, if the contracts are submitted to and approved by the department prior to execution.
