

Ohio Revised Code

Section 5119.61 Statistics concerning care, treatment and rehabilitation.

Effective: September 29, 2015

Legislation: House Bill 64 - 131st General Assembly

(A) The department of mental health and addiction services shall collect and compile statistics and other information on the care and treatment of mentally disabled persons, and the care, treatment, and rehabilitation of alcoholics, drug dependent persons, and persons in danger of drug dependence in this state, including, without limitation, information on the number of such persons, the type of drug involved, the type of care, treatment, or rehabilitation prescribed or undertaken, and the success or failure of the care, treatment, or rehabilitation. The department shall collect information about services delivered and persons served as required for reporting and evaluation relating to state and federal funds expended for such purposes.

(B) No alcohol, drug addiction, or mental health services provider shall fail to supply statistics and other information within its knowledge and with respect to its services, upon request of the department.

(C) Communications by a person seeking aid in good faith for alcoholism or drug dependence are confidential, and this section does not require the collection or permit the disclosure of information which reveals or comprises the identity of any person seeking aid.

(D) Based on the information collected and compiled under division (A) of this section, the department shall develop a project to assess the outcomes of persons served by community alcohol and drug addiction services providers and community mental health services providers that receive funds distributed by the department.
