

Ohio Revised Code

Section 5124.40 Adjustment of rates.

Effective: September 29, 2013

Legislation: House Bill 59 - 130th General Assembly

If an ICF/IID provider properly amends a cost report for an ICF/IID under section 5124.107 of the Revised Code and the amended report shows that the provider received a lower medicaid payment rate under the original cost report than the provider was entitled to receive, the department of developmental disabilities shall adjust the provider's rate for the ICF/IID prospectively to reflect the corrected information. The department shall pay the adjusted rate beginning two months after the first day of the month after the provider files the amended cost report.

If the department finds, from an exception review of resident assessment data conducted pursuant to section 5124.193 of the Revised Code after the effective date of an ICF/IID's rate for direct care costs that is based on the resident assessment data, that inaccurate resident assessment data resulted in the provider receiving a lower rate for the ICF/IID than the provider was entitled to receive, the department prospectively shall adjust the provider's rate for the ICF/IID accordingly. The department shall make payments to the provider using the adjusted rate for the remainder of the calendar quarter for which the resident assessment data is used to determine the rate, beginning one month after the first day of the month after the exception review is completed.
