

Ohio Revised Code

Section 5167.04 Inclusion of alcohol, drug addiction, and mental health services in care management system.

Effective: September 29, 2015

Legislation: House Bill 64 - 131st General Assembly

(A) Subject to division (B) of this section, the department of medicaid shall include alcohol, drug addiction, and mental health services covered by medicaid in the care management system established under section 5167.03 of the Revised Code.

(B) All of the following apply to the manner in which division (A) of this section is implemented:

(1) The department shall begin to include the services in the system not later than January 1, 2018.

(2) Before January 1, 2018, any proposal by the department to include all or part of the services in all or part of the system is subject to review by the joint medicaid oversight committee under division (B) of section 103.42 of the Revised Code. The department may implement the proposal only if the committee approves the proposal.

(3) On and after January 1, 2018, any proposal by the department to include all or part of the services in all or part of the system is subject to monitoring by the committee under division (A) or (C) of section 103.42 of the Revised Code, but approval by the committee is no longer required before the proposal may be implemented.
