(A) When the cost to the Ohio turnpike and infrastructure commission under any contract with a person other than a governmental agency involves an expenditure of more than fifty thousand dollars, the commission shall make a written contract with the lowest responsive and responsible bidder in accordance with section 9.312 of the Revised Code after advertisement for not less than two consecutive weeks in a newspaper of general circulation in Franklin county, and in such other publications as the commission determines, which notice shall state the general character of the work and the general character of the materials to be furnished, the place where plans and specifications therefor may be examined, and the time and place of receiving bids. The commission may require that the cost estimate for the construction, demolition, alteration, repair, improvement, renovation, or reconstruction of roadways and bridges for which the commission is required to receive bids be kept confidential and remain confidential until after all bids for the public improvement have been received or the deadline for receiving bids has passed. Thereafter, and before opening the bids submitted for the roadways and bridges, the commission shall make the cost estimate public knowledge by reading the cost estimate in a public place. The commission may reject any and all bids.
