Section 5705.218 Holding special elections on general obligation bonds for school district purposes.

Effective: September 29, 2013

Legislation: House Bill 167, House Bill 59 - 130th General Assembly

(A) The board of education of a city, local, or exempted village school district, at any time by a vote of two-thirds of all its members, may declare by resolution that it may be necessary for the school district to issue general obligation bonds for permanent improvements. The resolution shall state all of the following:

(1) The necessity and purpose of the bond issue;

(2) The date of the special election at which the question shall be submitted to the electors;

(3) The amount, approximate date, estimated rate of interest, and maximum number of years over which the principal of the bonds may be paid;

(4) The necessity of levying a tax outside the ten-mill limitation to pay debt charges on the bonds and any anticipatory securities.

On adoption of the resolution, the board shall certify a copy of it to the county auditor. The county auditor promptly shall estimate and certify to the board the average annual property tax rate required throughout the stated maturity of the bonds to pay debt charges on the bonds, in the same manner as under division (C) of section 133.18 of the Revised Code.

(B) After receiving the county auditor's certification under division (A) of this section, the board of education of the city, local, or exempted village school district, by a vote of two-thirds of all its members, may declare by resolution that the amount of taxes that can be raised within the ten-mill limitation will be insufficient to provide an adequate amount for the present and future requirements of the school district; that it is necessary to issue general obligation bonds of the school district for permanent improvements and to levy an additional tax in excess of the ten-mill limitation to pay debt charges on the bonds and any anticipatory securities; that it is necessary for a specified number of

years or for a continuing period of time to levy additional taxes in excess of the ten-mill limitation to provide funds for the acquisition, construction, enlargement, renovation, and financing of permanent improvements or to pay for current operating expenses, or both; and that the question of the bonds and taxes shall be submitted to the electors of the school district at a special election, which shall not be earlier than ninety days after certification of the resolution to the board of elections, and the date of which shall be consistent with section 3501.01 of the Revised Code. The resolution shall specify all of the following:

(1) The county auditor's estimate of the average annual property tax rate required throughout the stated maturity of the bonds to pay debt charges on the bonds;

(2) The proposed rate of the tax, if any, for current operating expenses, the first year the tax will be levied, and the number of years it will be levied, or that it will be levied for a continuing period of time;

(3) The proposed rate of the tax, if any, for permanent improvements, the first year the tax will be levied, and the number of years it will be levied, or that it will be levied for a continuing period of time.

The resolution shall apportion the annual rate of the tax between current operating expenses and permanent improvements, if both taxes are proposed. The apportionment may but need not be the same for each year of the tax, but the respective portions of the rate actually levied each year for current operating expenses and permanent improvements shall be limited by the apportionment. The resolution shall go into immediate effect upon its passage, and no publication of it is necessary other than that provided in the notice of election. The board of education shall certify a copy of the resolution, along with copies of the auditor's estimate and its resolution under division (A) of this section, to the board of elections immediately after its adoption.

(C) The board of elections shall make the arrangements for the submission to the electors of the school district of the question proposed under division (B) or (J) of this section, and the election shall be conducted, canvassed, and certified in the same manner as regular elections in the district for the election of county officers. The resolution shall be put before the electors as one ballot question, with a favorable vote indicating approval of the bond issue, the levy to pay debt charges on the bonds and

any anticipatory securities, the current operating expenses levy, the permanent improvements levy, and the levy for the current expenses of a qualifying school district and of partnering community schools, as those levies may be proposed. The board of elections shall publish notice of the election in a newspaper of general circulation in the school district once a week for two consecutive weeks, or as provided in section 7.16 of the Revised Code, prior to the election. If a board of elections operates and maintains a web site, that board also shall post notice of the election on its web site for thirty days prior to the election. The notice of election shall state all of the following:
