(A) On or before the twenty-fifth day of July of each year, the tax commissioner shall estimate and certify to each county auditor the amount to be distributed from the local government fund to each undivided local government fund during the following calendar year under section 5747.50 of the Revised Code. The estimate shall equal the sum of the separate amounts computed under divisions (B)(1) and (2) of this section.

(2) The product obtained by multiplying the percentage described in division (B)(2)(a) of this section by the amount described in division (B)(2)(b) of this section.

(a) Each county's proportionate share of the state's population as reflected in the most recent federal

decennial census or the federal government's most recent census estimates, whichever represents the most recent year.

(b) The amount by which total estimated distributions from the local government fund during the immediately succeeding calendar year, less the total estimated amount to be distributed from the fund to municipal corporations under division (C) of section 5747.50 of the Revised Code during the immediately succeeding calendar year, exceed the total amount distributed to counties from the local government fund and local government revenue assistance fund during calendar year 2007.
