

Ohio Revised Code

Section 5747.53 Apportionment of undivided local government fund of county under an alternative method or on a formula basis.

Effective: July 3, 2019

Legislation: House Bill 62 - 133rd General Assembly

(A) As used in this section:

(1) "City, located wholly or partially in the county, with the greatest population" means the city, located wholly or partially in the county, with the greatest population residing in the county; however, if the county budget commission on or before January 1, 1998, adopted an alternative method of apportionment that was approved by the legislative authority of the city, located partially in the county, with the greatest population but not the greatest population residing in the county, "city, located wholly or partially in the county, with the greatest population" means the city, located wholly or partially in the county, with the greatest population whether residing in the county or not, if this alternative meaning is adopted by action of the board of county commissioners and a majority of the boards of township trustees and legislative authorities of municipal corporations located wholly or partially in the county.

(2) "Participating political subdivision" means a municipal corporation or township that satisfies all of the following:

(a) It is located wholly or partially in the county.

(b) It is not the city, located wholly or partially in the county, with the greatest population.

(c) Undivided local government fund moneys are apportioned to it under the county's alternative method or formula of apportionment in the current calendar year.

(B) In lieu of the method of apportionment of the undivided local government fund of the county provided by section 5747.51 of the Revised Code, the county budget commission may provide for the apportionment of the fund under an alternative method or on a formula basis as authorized by this section. The commissioner shall reduce the amount of funds from the undivided local government

fund to a subdivision required to receive reduced funds under section 5747.502 of the Revised Code.

Except as otherwise provided in division (C) of this section, the alternative method of apportionment shall have first been approved by all of the following governmental units: the board of county commissioners; the legislative authority of the city, located wholly or partially in the county, with the greatest population; and a majority of the boards of township trustees and legislative authorities of municipal corporations, located wholly or partially in the county, excluding the legislative authority of the city, located wholly or partially in the county, with the greatest population. In granting or denying approval for an alternative method of apportionment, the board of county commissioners, boards of township trustees, and legislative authorities of municipal corporations shall act by motion. A motion to approve shall be passed upon a majority vote of the members of a board of county commissioners, board of township trustees, or legislative authority of a municipal corporation, shall take effect immediately, and need not be published.

Any alternative method of apportionment adopted and approved under this division may be revised, amended, or repealed in the same manner as it may be adopted and approved. If an alternative method of apportionment adopted and approved under this division is repealed, the undivided local government fund of the county shall be apportioned among the subdivisions eligible to participate in the fund, commencing in the ensuing calendar year, under the apportionment provided in section 5747.52 of the Revised Code, unless the repeal occurs by operation of division (C) of this section or a new method for apportionment of the fund is provided in the action of repeal.

(C) This division applies only in counties in which the city, located wholly or partially in the county, with the greatest population has a population of twenty thousand or less and a population that is less than fifteen per cent of the total population of the county. In such a county, the legislative authorities or boards of township trustees of two or more participating political subdivisions, which together have a population residing in the county that is a majority of the total population of the county, each may adopt a resolution to exclude the approval otherwise required of the legislative authority of the city, located wholly or partially in the county, with the greatest population. All of the resolutions to exclude that approval shall be adopted not later than the first Monday of August of the year preceding the calendar year in which distributions are to be made under an alternative method of apportionment.

A motion granting or denying approval of an alternative method of apportionment under this division shall be adopted by a majority vote of the members of the board of county commissioners and by a majority vote of a majority of the boards of township trustees and legislative authorities of the municipal corporations located wholly or partially in the county, other than the city, located wholly or partially in the county, with the greatest population, shall take effect immediately, and need not be published. The alternative method of apportionment under this division shall be adopted and approved annually, not later than the first Monday of August of the year preceding the calendar year in which distributions are to be made under it. A motion granting approval of an alternative method of apportionment under this division repeals any existing alternative method of apportionment, effective with distributions to be made from the fund in the ensuing calendar year. An alternative method of apportionment under this division shall not be revised or amended after the first Monday of August of the year preceding the calendar year in which distributions are to be made under it.

(D) In determining an alternative method of apportionment authorized by this section, the county budget commission may include in the method any factor considered to be appropriate and reliable, in the sole discretion of the county budget commission.

(E) The limitations set forth in section 5747.51 of the Revised Code, stating the maximum amount that the county may receive from the undivided local government fund and the minimum amount the townships in counties having a population of less than one hundred thousand may receive from the fund, are applicable to any alternative method of apportionment authorized under this section.

(F) On the basis of any alternative method of apportionment adopted and approved as authorized by this section, as certified by the auditor to the county treasurer, the county treasurer shall make distribution of the money in the undivided local government fund to each subdivision eligible to participate in the fund, and the auditor, when the amount of those shares is in the custody of the treasurer in the amounts so computed to be due the respective subdivisions, shall at the same time certify to the tax commissioner the percentage share of the county as a subdivision. All money received into the treasury of a subdivision from the undivided local government fund in a county treasury shall be paid into the general fund and used for the current operating expenses of the subdivision. If a municipal corporation maintains a municipal university, the university, when the board of trustees so requests the legislative authority of the municipal corporation, shall participate in the money apportioned to the municipal corporation from the total local government fund, however

created and constituted, in the amount requested by the board of trustees, provided that amount does not exceed nine per cent of the total amount paid to the municipal corporation.

(G) The actions of the county budget commission taken pursuant to this section are final and may not be appealed to the board of tax appeals, except on the issues of abuse of discretion and failure to comply with the formula.
