

Ohio Revised Code

Section 6109.24 Rule governing demonstration of technical, managerial, and financial capability of water systems; implementation of asset management programs.

Effective: November 26, 1997

Legislation: House Bill 321 - 122nd General Assembly

A public water system that is a community water system, or that is not a community water system and serves a nontransient population, and that proposes to commence providing water to the public after October 1, 1999, shall include with the submission of plans required under section 6109.07 of the Revised Code documentation that demonstrates the technical, managerial, and financial capability of the system to comply with this chapter and rules adopted under it. The director of environmental protection shall adopt, and may amend and rescind, rules pursuant to section 6109.04 of the Revised Code establishing requirements governing the demonstration of technical, managerial, and financial capability for the purposes of this section.

The director may deny approval of plans submitted under section 6109.07 of the Revised Code if the public water system that submitted the plans fails to demonstrate technical, managerial, and financial capability in accordance with this section and rules adopted under it.
