Effective: December 21, 2007

Legislation: House Bill 24 - 127th General Assembly

---

This section does not apply to taxpayers that are subject to and required to file reports under Chapter 5745. of the Revised Code.

(A) Except as otherwise provided in division (D) of this section, net profit from a business or profession conducted both within and without the boundaries of a municipal corporation shall be considered as having a taxable situs in such municipal corporation for purposes of municipal income taxation in the same proportion as the average ratio of the following:

(1) The average original cost of the real and tangible personal property owned or used by the taxpayer in the business or profession in such municipal corporation during the taxable period to the average original cost of all of the real and tangible personal property owned or used by the taxpayer in the business or profession during the same period, wherever situated.

As used in the preceding paragraph, real property shall include property rented or leased by the taxpayer and the value of such property shall be determined by multiplying the annual rental thereon by eight;

(2) Wages, salaries, and other compensation paid during the taxable period to persons employed in the business or profession for services performed in such municipal corporation to wages, salaries, and other compensation paid during the same period to persons employed in the business or profession, wherever their services are performed, excluding compensation that is not taxable by the municipal corporation under section 718.011 of the Revised Code;

(3) Gross receipts of the business or profession from sales made and services performed during the taxable period in such municipal corporation to gross receipts of the business or profession during the same period from sales and services, wherever made or performed.

If the foregoing apportionment formula does not produce an equitable result, another basis may be

substituted, under uniform regulations, so as to produce an equitable result.

(B) As used in division (A) of this section, "sales made in a municipal corporation" mean:

(1) All sales of tangible personal property delivered within such municipal corporation regardless of where title passes if shipped or delivered from a stock of goods within such municipal corporation;

(2) All sales of tangible personal property delivered within such municipal corporation regardless of where title passes even though transported from a point outside such municipal corporation if the taxpayer is regularly engaged through its own employees in the solicitation or promotion of sales within such municipal corporation and the sales result from such solicitation or promotion;

(3) All sales of tangible personal property shipped from a place within such municipal corporation to purchasers outside such municipal corporation regardless of where title passes if the taxpayer is not, through its own employees, regularly engaged in the solicitation or promotion of sales at the place where delivery is made.

(C) Except as otherwise provided in division (D) of this section, net profit from rental activity not constituting a business or profession shall be subject to tax only by the municipal corporation in which the property generating the net profit is located.

(D) This section does not apply to individuals who are residents of the municipal corporation and, except as otherwise provided in section 718.01 of the Revised Code, a municipal corporation may impose a tax on all income earned by residents of the municipal corporation to the extent allowed by the United States Constitution.

(E) If, in computing the taxpayer's adjusted federal taxable income, the taxpayer deducted any amount with respect to a stock option granted to an employee, and if the employee is not required to include in income any amount or any portion thereof because it is exempted from taxation under division (H)(10) of section 718.01 of the Revised Code and division (A)(2)(d) of section 718.03 of the Revised Code by a municipal corporation to which the taxpayer has apportioned a portion of its net profit, the taxpayer shall add the amount that is exempt from taxation to the taxpayer's net profit that was apportioned to that municipal corporation. In no case shall a taxpayer be required to add to

its net profit that was apportioned to that municipal corporation any amount other than the amount upon which the employee would be required to pay tax were the amount related to the stock option not exempted from taxation.

This division applies solely for the purpose of making an adjustment to the amount of a taxpayer's net profit that was apportioned to a municipal corporation under divisions (A) and (B) of this section.
