

## Ohio Revised Code

### Section 924.05 Filing properly certified report by handler, distributor or processor.

Effective: November 21, 1969

Legislation: House Bill 576 - 108th General Assembly

---

(A) The director of agriculture may require each handler, distributor, or processor of any Ohio agricultural commodity for which a marketing program is proposed to file with him within thirty days, a properly certified report which shows:

(1) The correct name and address of each producer of such agricultural commodity from whom such handler, distributor, or processor received such agricultural commodity in the marketing season preceding the filing of such report;

(2) The volume marketed by each such producer during the preceding marketing season.

(B) The director shall not make public, or available to anyone for private use, the information contained in the individual reports of producers, handlers, or processors which are filed with him pursuant to this section.
